

GRAB BUCKET

PRODUCT INFORMATION

The Cobra Grab Bucket is built to handle tough jobs with ease. Designed for strength and performance, it features oversized rams for increased lifting power, bulkhead fittings for improved hydraulic reliability, and a wide jaw opening for maximum grip.

Ideal for demolition, site clearing, rock handling, green waste, and bulk material loading, the Cobra Grab Bucket delivers versatility on every job site. The lock jaw system keeps loads secure even under pressure loss, while the HB350 steel body, HB400 wear edges, and replaceable teeth ensure long-lasting durability and easy maintenance.

Backed by a 3-year warranty, the Cobra Grab Bucket is a dependable choice for fast clean-ups, heavy lifting, and everyday site work.

FEATURES

Bulkhead fittings

To protect the internal hydraulic system from damage.

Check Hold Valve

Stops the release of the jaw if a hydraulic line is damaged.

Oversized Rams

Stops the release of the jaw if a hydraulic line is damaged.

Optimised Jaw Opening

Maximum jaw opening without a compromise in jaw strength.
