# Digging Bucket

## Features

- 1. G.E.T**  
Replaceable ground engaging tools
- 2. Cutting Edge**  
400 Grade cutting edge
- 3. Optimised Shape**  
The angled shape allows optimal penetration into the ground

Our Digging buckets are the most effective choice for general earthmoving.

With full wear strips and oversized cutting edge it is built to last. The curved side cutting edges allow for smoother cutting

**COBRA**
