

+PLUS

Wide Bucket

Features

- 1. Cutting Edge**
400 Grade cutting edge
- 2. Optimised Shape**
The angled shape allows optimal penetration into the ground
- 3. Bolt on cutting edge**
Makes for fast replacement when wearing occurs

Our wide excavator buckets are designed to maximize your productivity on the job site. With a larger capacity and wider opening, these buckets allow you to move more material in less time, making excavation and construction tasks faster and more efficient than ever before.
